This 78-minute award-winning film (sometimes funny, sometimes very sobering) chronicles “everyman” Jeb Berrier, who embarks on a global tour to unravel the complexities of our plastic world and, closer to home, pledges to stop using plastic bags at the grocery store. The film examines our society’s use and abuse of plastic and the harm it causes our environment—and our health.

A post-film discussion will include Prince George’s County Council member Mary Lehman (District 1) or her policy analyst, Matt Dernoga, who will summarize what’s happening with the local “bag bills.”
